The WKC is growing fast around the world. We are very excited about this year's world championships. We will have the best teams and competitors from past years as well as many new competitors representing countries that we have not competed against in the past. This combined with a wonderful venue in a great city will make this year's event memorable for all.

We would like all competitors to bring a passport size picture of yourself to Ireland. This picture will be used on your WKC ID card. Unlike other years there will be no fee for this card. We are also reminding competitors to fill out the medical form, which you can download online. This is for all competitors, even if you are just doing forms.
